

NATIONAL LEADERSHIP & SKILLS CONFERENCE

ATLANTA | JUNE 2023

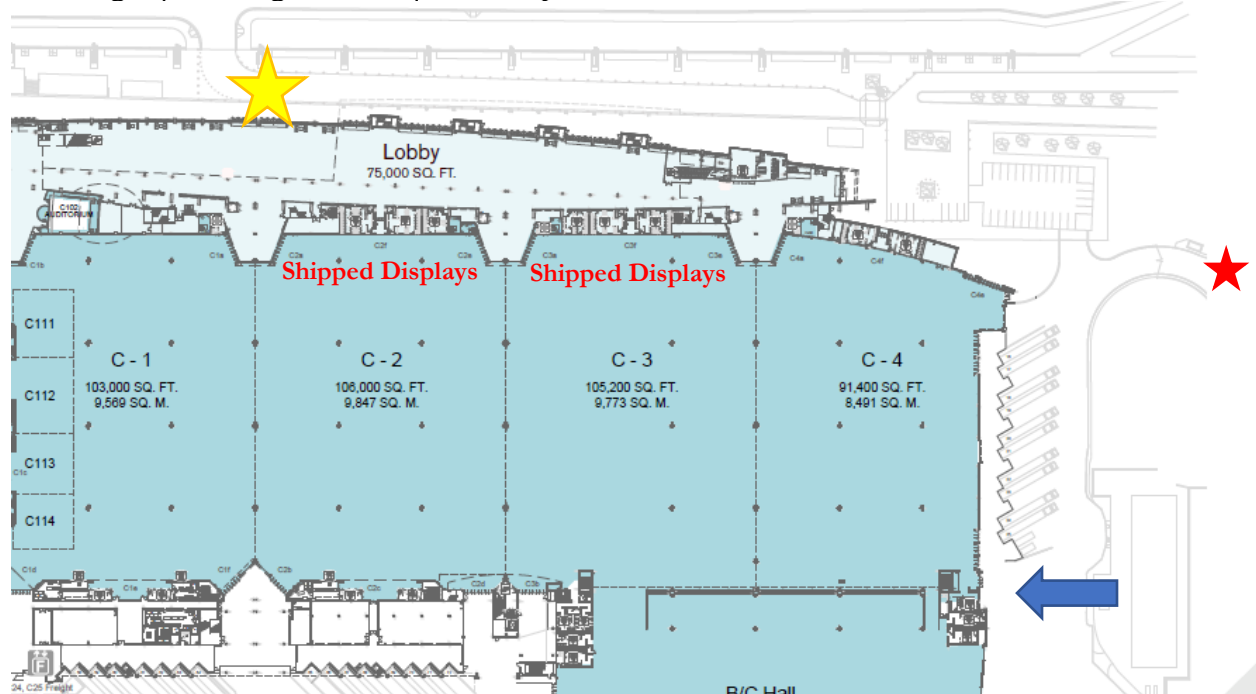

Competition Materials Move-In Instructions

Competition Materials Transported by School

Competition materials can be delivered using one of two entrances at GWCC. The Northside Drive entrance has multiple curbside doors to Building C lobby. The loading dock entrance should be used for competition materials transported on a pallet. Parking is not available at these locations. You should make plans so that your delivery takes no more than 30 minutes to arrive and unload. Have your driver available to move the vehicle if needed. Please ensure your project does NOT pose a safety hazard when moved.

- ★ Building C | Northside Drive Entrance | 275 Northside Dr NW Atlanta, GA 30314
- ★ Building C | Loading Dock 25 | 442 Simpson St NW, Atlanta, GA 30303

Competition Materials Shipped with YRC

Competition materials that are shipped through YRC for delivery to GWCC will be received and moved into the Exhibit Hall C floor and placed against the wall nearest to the Northside Drive entrance. **Deliveries will NOT be available until 10 a.m. Tuesday, June 20.** Please ensure your competition materials package does NOT pose a safety hazard when moved.

Competition Materials Move-Out Instructions

All return shipping arrangements are the responsibility of the school or advisor. The competition materials in the exhibit halls and in the lobby of Building C must be off the floor by 5 p.m. Thursday. To expedite, the following rules are in effect.

- Each chapter is responsible for picking up and/or making their own arrangements for shipping competition materials after the competition ends.
- SkillsUSA Championships management team will transport appropriately packaged items inside the Exhibit Hall C wall near the lobby of Northside Drive entrance to Building B's loading dock area on Thursday evening for shipping vendor pick up on Friday.
- A copy of the bill of lading must be turned into your tech chair for ALL shipments. Do not leave valuable items unattended in your area or when you are packed and ready to be transferred.
- Do not leave your bill of lading in your competition area unattended.
- Any items left on the competition floor after 5 p.m. ET on Thursday June 22 will be assessed a penalty.
- Any freight remaining at the GWCC after Friday 6/23 will be considered scrap and placed in a dumpster.

Shipping is not an automatic process. You are responsible for securing a shipping carrier. Schools must schedule return shipping with their preferred carrier for pick up on Friday, 6/23. If your designated carrier refuses to accept shipment or fails to pick-up by noon on Friday, we will not be able to arrange shipment for you. No liability will be assumed by SkillsUSA due to rerouting and/or handling.

All shipments must be packaged, wrapped and ready for shipment, with a Bill of Lading completed and attached to freight.
